

Thank you to everyone who took advantage of the opportunity to earn Continuing Education credits for the PCL-R Training Workshop and designated sessions at the Annual Conference of the Canadian Association of Threat Assessment Professionals (CATAP) in Banff this September. Your CE credits have been logged in our database and you should have received your Certificates of Completion.

If you have any questions or did not receive your Certificates, please feel free to contact us at info@concept-ce.com.

Hope to see you again next year!
